Physics

Key Vocab	
physics	season
day	night
light	dark
weather	temperature
predict	observe

Types of Weather	
sun	rain
hot	cold
warm	wind
snow	hail
sleet	fog
mist	storm
thunder	lightening

Spring

Summer

Autumn

Winter

March April May	June July August	September October November	December January February

Experiments	
We can **observe** types of weather like rain and find out how much falls in a season.	We need to **record** our findings from the data we collect from our experiment and our observations. One example is a Tally Chart.

Item	Tally	Total
